State Banking Board Makes Public the Report of the Examiner, Showing the Hopelessness of the Wreck-The Official Figures.

LINCOLN, Sept. 22,- | Special Telegram to THE BEE. | -- The report of the examiner of the defunct Hoit County bank of O'Neill was made public today for the first time, although it was filed with the State Banking Board a month ago. The report has been delayed solely in the interests of the deposi-

When the affairs of the bank were deflnitely ascertained by Examiner Cline the bank officials expressed a desire to close up the bank themselves and volunteered to give a good and sufficient bond to pay off the claims of the creditors in full. With this understanding 85 per cent of the stockholders signed a petition requesting the supreme court to accept the bond and permit the bank officials to wind up its affairs. The bank officials, however, have delayed the matter until the supreme court decided to wait no longer.

O. O. Snyder, a lumberman and prominent citizen of O'Neill, was appointed receiver and he assumed control of the bank last evening. The examiner's report is very complete and includes many features not heretofore contained in the ordinary reports. State Treasurer Bartley and Auditor Moore state that it is one of the best reports yet filed with the board. The books show the resources and liabilities as follows: Notes and bills at

Want of Harmony Among Democrats. PAWNEE, Neb., Sept. 22.- Special Telegram to Tun Bre. j-The democratic primary for this precinct closed this evening with a decided victory for the national administration. Two delegations were in the field, one in favor of the single, straight, standard democracy as represented by President Cleveland, and the other in favor of the double demo-pop standard as represented by Congressman Bryan. The county central committee had called the primary convention for 2 o'clock and the Bryan forces had the pins all set to take advantage of the organization at that time, but at 12 o'clock G. A. J. Moss and a few other administration democrats mer at the place for holding the caucus and proceeded at once to organize as provided by law for holding primary conventions in gities of the second-class. To this the congressman's friends objected and loud words ministration. Two delegations were in the

Local Authorities Searching for an Alleged Cattle Thief-Other Events. Chief Beckett and Detective Mitchell, together with a Council Bluffs officer, were engaged yesterday in endeavoring to locate 430 head of stolen cattle. They were acting in accordance with a request from the sheriff of Custer county, the telegram being sent to the Council Bluffs officials. The officers were requested to locate Gillespie_Lucas and 430 head of cattle, said to have been shipped from Milldale, Nob.

The officers investigated, but found no trace of their man. No cattle have been received at the yards in the name of Lucas. They have probably been shipped to some other market. None of the particulars of the case were mentioned in the message.

Playing Craps.
Detective Mitchell made one of the biggest catches and largest arrests of the year yesterday during the noon hour. At that time he sauntered down toward Swift's packing house and made a startling dis-

c overy. In a box car near the company's office he found thirty well dressed men engaged in a lively game of craps. They were all office men and clerks and after partaking of their lunch were whiling away the remainder of the hour at the exciting game.

The officer watched them for a moment and then amounced in a volce pot to be min and then announced in a voice not to be misunderstood that they were all under arrest. and there was a mad scramble and some of the members of the party escaped from the place. It turned out to be more of a "seven go eleven" than "seven come eleven." Some of the fugitives from justice went over the car, while others went under it and around it and scattered in all direc-tions. One young fellow went under the car and was suspended in mid-air by his vest becoming fastened to a protruding bolt. Those who did not escape were started for the station by the officer, and it was a very crest-fallen crowd. They pleaded so hard that Mitchell's heart was touched, and upon promise of the whole party not to repeat the

performance they were released. He Resisted Arrest. Officer Larsen yesterday arrested Joe Voraska, an Albright citizen, who was wanted for disturbing the peace. The fellow was determined not to be taken to jail and fought like a demon from Albright to police headquarters. He was finally landed n a cell and will square himself with Judge Fowler today.

ASSOCIATED CHARITIES.

OMAHA, Sept. 22 .- To the Editor of THE BEE .- The board of trustees has for some time had under consideration the best way to find employment for women, so as to make them self supporting, and after obtaining the best information from some of the eastern cities, they have decided to open a Provident Laundry and Training school for the purpose of giving work to widows and married women who have worthless husbands, and also for single women who are strong and healthy, to train them as laundresses.
Such institutions have ocen carried on successfully in Chicago, Brooklya, and other cities, and been the means of raising many families from poverty to confer and the families from poverty to comfort, and in training a good class of laundresses, who are training a good class of laundresses, who are so much in demand in all our large cities. A portion of our building is being attered for the laundry department, and we expect to have it completed and ready to start work by the middle of next week. All the work will be done by hand and at reasonable prices. We have need successful in obtaining as manageress Mrs. Manning, who has had very large experience at St. Louis and Chicago in such work, and will guarantee that all washings enand will guarantee that all washings en-trusted to her care will give entire satisfac-tion. All family washings will be kept strictly separate, and bachelors' mendings will be attended to free of charge. Due notice will be given in the daily papers when we are ready to commence.

CONDITIONS IN THE SENATE

Probably the Most Peculiar that Ever Existed in that Body.

REFU3LICANS MAY YET CARRY THE DAY

Minority Inclined to Take Advantage of All Resources to Oppose the Democtatic Majority and Defeat Partisan Measures.

> WASHINGTON BUREAU OF THE BEE, 513 FOURTHENTH STREET. WASHINGTON, Sept. 22.

It is improbable that such a condition of affairs ever existed in the senate as now confronts that body. Without closure it seems next to an impossibility to ever reach a vote upon the silver repeal oill. It would be almost as difficult to adopt closure as the pending silver bill itself. If the republicans assist the repeal democrats in securing closure they destroy the only weapon they have for defeating the diabolical bill before the house repealing the federal election laws, and also the measure repealing the law requiring proof of loyalty in pension

Without republican assistance the democrats in the senate cannot secure closure and yet a distinguished republican senator, and yet a distinguished republican senator, Mr. Platt of Connecticut, has proposed closure. He is backed, too, by the leading republicans of the senate, mostly those from New England, and encouraged by no democrat, closure having been offered by republicans for the express purpose of repealing the silver purchasing law and refused by democratic leaders. democratic loaders.

It is stated upon high republican author-ity in the senate that not only will the republicans of that body use the present privi-eges of the senate under the rules of debate to defeat the federal election bill or other offensive political measures, but they may defeat the final adoption of the tariff bill which the house will pass during the coming

Republicans in the senate say they will compel the democrats to make all sorts of concessions as to details of the measure and the time when it shall go into operation before there shall be a final vote upon the tariff bill in the senate. The democrats have chosen to place themselves at the mercy of the minority and the republicans have determined to take advantage of the situation. It would thus appear that the protected interests of Nebraska are likely to again be saved from ruin by the republicans in the senate.

LOOKS LIKE A STRIKE.

Big Four Employes Almost a Unit Against Accepting a Reduction in Wages. Indianapolis, Sept. 22.-The situation between the Cleveland, Chicago & St. Louis employes and the company still looks ominous. The local employes are reticent regarding their plans, but it is learned from one of them today that a poll of the employes along the chtire system has been taken on the question of resisting the roduction in wages. The result is that but three men are in favor of submitting to the cut without a struggle and they are employed on the Peoria & Evansville division. Consequently with the sequently, with the consensus of opinion in favor of resistance, a strike seems unavoid-able, as further efforts to aroutrate the matter with the officials are looked upon as use-less and a waste of time. So far as known, less and a waste of time. So far as known, no meetings of the employes along the lines have been called, but the result of the poil develops such an unanimity that an order to strike would meet with prompt obedience, even if such an action were not voted upon the secondary.
